Section 1 - Legislative Authority

This local law is enacted pursuant to Section 10, subdivision 1(ii)a of the Municipal Home Rule Law of the State of New York and is intended, to the extent inconsistent therewith, to supplement and/or supersede the provisions of the New York State General Municipal Law.

Section 2 - Purpose

The purpose of this Local Law is to control and govern the placement and location of private driveways or access roads which enter upon or to highways owned and/or maintained by the Town of New Lisbon so as to make certain that there is adequate "sight distance", "turning radius" and "general visibility" of and from said driveways and access roads as well as of and from town owned and/or maintained highways, so as to provide users of said driveways, access roads and town owned and/or maintained highways with safe, consistent and uniform driving conditions.

Section 3 - Limitation on issuance of permits.

No permit or other authorization or approval shall be granted by any board or entity in the Town of New Lisbon whether relative to subdivisions, building construction or placement, or for any other purpose which requires the installation of a driveway or access road which enters upon or to highways owned and/or maintained by the Town of New Lisbon unless the placement and location of said driveway and/or access road is first reviewed and approved in writing by the Town Superintendent of Highways.

Section 4- No construction without prior approval.

No driveways and/or access roads shall be constructed which enter upon or to any highway owned and/or maintained by the Town of New Lisbon unless the placement and location of said driveway and/or access road is first reviewed and approved in writing by the Town Superintendent of Highways.

Section 6. Driveway/access road standards

The Town of New Lisbon Highway Superintendent when deciding whether or not to approve the placement and location of a driveway or access road upon or to a highway owned and/or maintained by the Town, shall use and employ the same standards and /or guidelines that are then being used by the County of Otsego's Highway Department to determining the placement and location of driveways and/or access roads onto county controlled highways.
